### **To whom it may concern**

I am pleased to confirm that Mr. Jagadish Das from the National Institute of Technology Rourkela, Odisha, completed a two-month practical methodology course under my supervision. From May 24th to July 23rd, Jagadish conducted a successful literature review on brain metabolic changes in type 2 diabetes. He also acquired and effectively applied skills in image analysis using the ImageJ program to quantify cell numbers and perform medical image quantification. His conduct throughout the internship was exemplary.

Please feel free to contact me if you require any additional information.

With kind regards,

  
Dr. Sivaraj Mohana Sundaram / डॉ. शिवराज मोहना सुंदरम  
Assistant Professor / सहायक प्राध्यापक  
Department of Biosciences & Biomedical Engineering  
जैव विज्ञान एवं जैव चिकित्सा अभियांत्रिकी विभाग  
Indian Institute of Technology Indore (M.P.)  
भारतीय प्रौद्योगिकी संस्थान इंदौर (म.प्र.)
